## LAB RESOURCES

---

**Please describe the laboratory facilities available in your research institute, including the items listed below (if applicable):**

<i>Lab space and equipment (general):</i>	Adequate (2 large rooms), handles basic labs: CBC, RFTs, LFTs, rapid HIV diagnostic tests, urinalysis and CD4
<i>BSL-2 lab space and equipment:</i>	
<i>BSL-3 lab space and equipment:</i>	Available
<i>Flow cytometry equipment:</i>	Available
<i>Other:</i>	Blood chemistry analyzer, hematology analyzer

## BIOLOGICAL SPECIMEN REPOSITORY

---

**Please describe the biological specimens stored at your institute:**

- Plasma
- Serum
- DBS (dry blood spots)

**Does your institute have a database of stored samples:** Yes

**Please provide details on methods for biological specimen storage at your institute (e.g., are Standardized Operating Procedures used?):**

- Standard operating procedures-SOPS for storage of all specimens are available

**Please describe the equipment/facilities available for sample storage at your institute, including items listed below (if applicable):**

<i>-80C freezers</i>	Available
<i>Nitrogen storage tanks</i>	Not available
<i>Dry ice availability</i>	Not available
<i>Use of a nitrogen generator</i>	Not available
<i>Other</i>	-20 freezers

## **TRAINING AND EDUCATION**

---

**Please describe the training initiatives your institution has in place for individuals prior to working in clinical studies?**

- Introduction to particular/ specific studies, and good clinical practice

**Please describe the training initiatives your institution has in place for individuals prior to working in the laboratory?**

- Introduction to particular/ specific studies, and good clinical practice

**What rank are the majority of your trainees? (e.g., approximate numbers of undergraduate students, Masters, PhD, post-doc, MDs)**

- Bachelors and diploma holders

**Do you offer training classes/courses for any of the following?**

- Paediatric HIV/AIDS management

**Does your institute receive funds to support training initiatives?** Yes

**Please provide details about the funds your institute receive to support training initiatives.**

- Through CDC grants

**Does your institution send trainees abroad for additional training?** Yes

**Please indicate the number of trainees sent abroad per year, the source of funding, the location of training, and the type of training received.**

- 1 to 2

**What Masters and/or Doctoral programs does your institution offer?**

- None/ Not applicable

## **COLLABORATIONS**

---

**Please list and briefly describe your current collaboration with any African institutions for either research or training purposes.**

- Joint Clinical Research Clinic
- Paediatric Department of Makerere University/ Mulago Hospital

**Please list your institution's plans for future collaborations within African (additional groups, sites, countries, etc.)**

- Other Baylor International Paediatric AIDS initiative sites in Africa -- Tanzania, Botswana, Kenya

**Please list and briefly describe your institution's collaborations and/or partnerships with entities outside of Africa (e.g., organizations and networks in the USA, Europe, etc. – including CFARS, NIH clinical trials networks, HPTN, HVTN, AMC, IeDEA, USAID, PEPFAR, etc.)**

- PEPFAR
- CDC/USAID
- CANADIAN AIDS FUND
- CLINTON FOUNDATION

## **CLINICAL COHORTS**

---

**Do you have access to existing clinical cohorts in Africa or USA?**

Yes
