

# CFAR FUTURE LEADERS IN HIV RESEARCH SYMPOSIUM

**Tuesday, April 19, 2016 9:00 AM–1:00 PM**

## About The Program

The Andy I. Choi Mentoring Program of the UCSF-GIVI Center for AIDS Research was developed 12 years ago to facilitate the growth and development of the next generation of HIV investigators at UCSF. The program incorporates broad outreach to junior faculty and postdoctoral investigators at each professional school and institute within the UCSF research enterprise.
